Indore, Madhya Pradesh, India +91 9685187167| [snakshatra119@gmail.com](mailto:snakshatra119@gmail.com)

## SUMMARY

---

UI/Frontend Developer with hands-on experience in building responsive and user-friendly web applications using React and Angular. Skilled in implementing modern UI principles, writing clean and maintainable code, and optimizing performance for seamless user experiences. Currently working as a UI/Frontend Developer at Letskillify, where I have contributed to developing interactive dashboards, feature-rich web applications like (NGO), and intuitive user interfaces for educational platforms. Passionate about continuous learning and improving UI/Frontend development skills.

## SKILLS

---

**Frontend Technologies:** React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap CSS

**UI/UX & Design Tools:** Figma, Adobe Photoshop

**Frontend Development Concepts:** Component-Based Architecture, State Management (Redux, Context API), Responsive Design, Performance Optimization, Cross-Browser Compatibility.

**Tools & Other Skills:** Git, GitHub.

## PROFESSIONAL EXPERIENCE

---

### Letskillify

Frontend/UI Developer

Indore, M.P, India

Dec 2024 - Present

- Developing and maintaining responsive and user-friendly frontend applications using React.js,.
- Contributing to the NGO and Adventure website by designing and implementing interactive, intuitive UI components, and seamless navigation.
- Ensuring cross-browser compatibility, performance optimization, and accessibility for a smooth user experience.
- Collaborating with backend developers, UI/UX designers, and project managers to create visually appealing and functional user interfaces.
- Debugging and resolving frontend-related issues to enhance application stability and user engagement. ☑ Conducting code reviews and following best practices to maintain a clean and maintainable codebase.
- React Integration: Converted a static HTML and CSS website into an React-based application with functionality and user experience.

### Creative-IT Solutions

Web Development Internship (Virtual)

Indore, M.P, India

April 2024 – Nov 2024

- Designed and developed responsive web pages using HTML, CSS, and JavaScript.
- Worked on frontend frameworks like React.js for building interactive UI components.
- Gained experience in Tailwind CSS / Bootstrap for faster and efficient styling.

Internship Project Highlights:

- E-commerce Website: Designed the frontend of an e-commerce platform using Html, Css, Javascript, delivering a visually appealing and user-friendly interface.
- Design Conversion: Transformed a provided layout into a static HTML page with pixel-perfect accuracy and responsiveness.
- React Integration: Converted a static HTML and CSS website into an React-based application with functionality and user experience.

## ADDITIONAL INFORMATION

---

- Strong ability to analyses and implement optimized solutions for better system performance.
- Continuously learning and exploring best practices in Frontend development.
- Excellent problem-solving, debugging, and collaboration skills.
